

Volunteer Counsellor Placement

Redbridge Fusion Young Peoples Service

About Via in Redbridge

Via has a long history of delivering treatment services in London, and nationally. The Fusion Young People's Drug and Alcohol service offers support to young people under the age of 18 who may be affected by or at risk of drug or alcohol problems. We work closely with statutory and voluntary services across Redbridge.

About the counselling service

Our counselling service provides young people with the opportunity to meet in private with a counsellor for approximately 12 weekly fifty-minute sessions to discuss issues and concerns which are currently making life difficult. These could include any of the following and more: addictions, low self-esteem, stress, anxiety, panic attacks, self-harm, relationship difficulties, loss of purpose or meaning, family difficulties, loss and bereavement, anger, depression, trauma etc.

About the role

As a Volunteer Counsellor, you will support the delivery of a wide range of interventions for service users. These will include:

- See a minimum of 3 clients and a maximum of 6 clients per week (1 day).
- Keep accurate records of work in line with Via expectations and feedback any issues to their line manager/supervisor and key workers
- Attend ongoing Via training (e-learning and face to face) in discussion with your clinical supervisor
- Attend fortnightly clinical supervision
- Adhere to all Via policies and procedures

In addition to the above you will be invited to participate in meetings where relevant and to carry out other tasks as deemed necessary to support the needs of the counselling service.

What skills do I need?

We are seeking Volunteer Counsellors to work with young people aged under 18. We are specifically looking for people who have a passion for working with young people, have experience of working with young people, and who have an understanding of the characteristics of a therapeutic relationship with Young People.

A positive attitude and the desire to learn are essential, as is a non-judgemental and supportive approach to people who are facing problems with drugs and alcohol.

To ensure good practice standards and to maximise the safety of both the therapists and the clients at Via we require all students to confirm and adhere to the following:
